v. )

**SECOND ASSENTED TO MOTION TO EXTEND SCHEDULING ORDER  
DEADLINES**

Now comes the Plaintiff in the above captioned matter, Seneca Insurance Company, with the assent of Broan-NuTone, LLC (“Broan”) and moves this Honorable Court for an order extending the scheduling order deadlines applicable to this matter ninety days (90) days. The Plaintiff further requests that it be given until December 29, 2006 to move to amend its pleadings to add additional defendants. The Plaintiff states that it has good cause for such requests, and assigns as its reasons therefor the following;

1. This case is the result of a fire which occurred on or about December 15, 2003 at 585 Main Street, Yarmouth, Massachusetts (the “Premises”).<sup>1</sup>

2. The Plaintiff has brought claims against the Defendant Broan, a manufacturer of ceiling fan/light fixtures, alleging among other things that a ceiling

<sup>1</sup> The Premises consists of two condominium units, unit 1, which at the time of the fire was owned by the Vigeant Family Living Trust, and unit 2, which at the time of the fire was owned by the Murzic Family Nominee Trust. The Plaintiff's insurance policy on the Premises named the "Surfside Condominium Association" as the insured, but included both the Vigeant Family Living Trust and the Murzic Family Nominee Trust as additional insureds.

fan/light fixture manufactured and sold by Broan (the “fan unit”) located in Unit 1 of the Premises caused the fire at issue in this case. Broan denies this allegation.

3. On June 23, 2006, this Honorable Court allowed an assented to motion to extend the scheduling order deadlines applicable to this matter. (See Assented to Motion to Extend Scheduling Order Deadlines and Affidavit of Counsel submitted therewith).

4. In a nutshell, at that time, an extension was requested in order to obtain discovery from a former tenant of the Premises, Candle Corporation of America a/k/a Colonial Candle Company (“CCA”), who it was then believed to be responsible for the remodeling of Unit 1 of the Premises in or about 1996 or 1997, which remodeling the Plaintiff believed included the installation of the fan unit which is the subject of the litigation. The purpose of such discovery was to determine the person(s) responsible for the installation of the fan unit and related issues.

5. Since the extension was granted, the Plaintiff’s counsel and Defendant’s counsel agreed on the form of a subpoena to be served on CCA and the date for the deposition. Plaintiff’s counsel then arranged for service of the subpoena for documents and testimony on CCA, pursuant to Fed.R.Civ.P. 30(b)(6) at its principal office in Des Plaines, Illinois, and arranged for the place of the taking of the deposition in Oakbrook, Illinois for August 7. (See Affidavit of Counsel).

6. However, when the Plaintiff’s process server attempted to serve CCA at its principle office in Des Plaines, no one would accept service, nor identify anyone there as being a person in charge of CCA’s business who could qualify to accept service. (See Affidavit of Counsel).

7. On July 27, the Plaintiff's counsel's process server served the subpoena on CCA's resident agent, CT Corporation System, 208 So. LaSalle Street, #814, Chicago, IL 60604, together with correspondence from Plaintiff's counsel to CCA's Chief Executive Officer stating the reasons for the service of the subpoena, the place where the deposition was scheduled, and if the place of the deposition was inconvenient for CCA, to have a representative of CCA call his office to arrange for a more convenient location. (See Affidavit of Counsel).

8. After not hearing from CCA regarding the scheduled deposition and unsure whether anyone from CCA would appear for the deposition scheduled in Illinois, Plaintiff's counsel contacted the office of CCA's President, Stephen Kosmalski, on August 1. An administrative assistant from CCA's President's office informed Plaintiff's counsel that the general counsel of CCA's corporate parent, Blyth Industries ("Blyth"), in Greenwich, Connecticut responds to any subpoena request on CCA. (See Affidavit of Counsel).

9. That same day, Plaintiff's counsel contacted Michael Novins, Esquire, the Vice President, General Counsel and Secretary of Blyth, to discuss the subpoena, the scheduled deposition in Illinois, and the need to conduct the deposition due to the pending discovery deadline. Plaintiff's counsel confirmed his conversation with Attorney Novins by correspondence dated August 1, 2006. (See Affidavit of Counsel).

10. By correspondence dated August 2, Attorney Novins confirmed receipt of the subpoena and that Blyth was the corporate parent of CCA. Attorney Novins also confirmed that "any documentation which may be available regarding the [Seneca Insurance Co. v. Broan-Nutone, LLC] matter will be produced by [his] office located in

Greenwich, Connecticut", and agreed to reschedule the deposition to a mutually agreeable place and time, "not later than August 11" . (See Affidavit of Counsel).

11. Because of Blyth's contention that the individual who had the most direct knowledge in connection with the Plaintiff's 30(b)(6) requests was located in Greenwich, Connecticut, counsel agreed that a deposition in Illinois would not be necessary. (See Affidavit of Counsel).

12. The following week, Plaintiff's counsel received a phone call from Attorney James P. Ponsetto of the Law Office of Greenberg Traurig ("CCA counsel") who confirmed that his office was representing CCA in connection with the subpoena. CCA counsel represented that he had been actively arranging for documents responsive to the subpoena to be located at various facilities where his client may have stored such documents around the United States, and was attempting to locate additional individuals who could respond to the areas of inquiry set out in Plaintiff's Fed.R.Civ.P. 30(b)(6) subpoena. Accordingly, CCA counsel requested additional time, and discussed the possibility of conducting a deposition in Greenwich, Connecticut on either August 17 and 18. (See Affidavit of Counsel).

13. On August 9, 2006, CCA counsel sent via facsimile to Plaintiff's counsel a seven (7) page correspondence setting out CCA's objections to the subpoena. (See Affidavit of Counsel).

14. On or about August 10, 2006, CCA counsel updated Plaintiff's counsel's office that his office continued to attempt to locate documents responsive to Plaintiff's requests and would be able to produce documents the following week. CCA counsel also

stated that he continued to attempt to locate individuals who could offer testimony in response to the areas of inquiry set forth in the subpoena. (See Affidavit of Counsel).

15. At or about this time, CCA counsel and Plaintiff's counsel's office discussed the possibility of scheduling the deposition in the Boston area as this was more convenient for counsel in the case and obviously less expensive. (See Affidavit of Counsel).

16. In the late afternoon of August 14, CCA counsel produced 94 documents<sup>2</sup> in response to the Plaintiff's subpoena to CCA. (See Affidavit of Counsel).

17. Although one document produced by CCA sheds light on the intentions behind CCA's remodeling/“build out”, there is no disclosure of who was responsible for the electrical work made during the “build out” and who was responsible for installing the fan unit. (See Affidavit of Counsel).

18. Additionally, the CCA documents contain certain revelations, of which Plaintiff's counsel was previously unaware, including correspondence between the Landlord of the Premises, The Vigeant Family Living Trust, and CCA just days before the fire occurred regarding CCA's intentions of vacating the Premises, and a “Lease Termination and Settlement Agreement” whereby the Landlord was paid \$183,500.00 as a “Lease Termination and Settlement Fee” together with mutual releases. This document specifically releases CCA from claims by the owner of Unit 1 relating to the fire. (See Affidavit of Counsel).

---

<sup>2</sup> Initially, CCA counsel only produced 92 documents although his correspondence indicated that it included 94 documents. Upon reviewing the documents, Plaintiff's counsel discovered that two pages (bates stamp numbers 0022 and 0032) were missing from a document entitled “Amended and Restated Lease”. This was brought to CCA counsel's attention on August 15, and on August 16, the two pages were produced.

19. Plaintiff's counsel has calculated that the amount paid to the landlord was approximately \$60,000.00 more than the rent due the landlord for the two years remaining on the lease; inferring that such payment related to fire damage. In addition, there are documents which suggest the possibility that the insured may have violated the terms of the insurance contract (i.e. releasing the tenant for claims relating to the fire without obtaining the consent of Seneca). (See Affidavit of Counsel).

20. On August 16, all counsel agreed that the best place for taking the deposition would be in Boston, but because of the deponent's vacation schedule, he cannot be produced until early September. In addition, CCA's counsel stated that CCA remained in the process of locating possible additional documents (i.e. documents identifying the person(s) responsible for installing the fan, etc.) which CCA's counsel stated might be in a warehouse in Osh Kosh, Wisconsin. Accordingly, there is a probability that more documents will be produced which should be reviewed prior to the deposition. (See Affidavit of Counsel).

21. Accordingly, the Plaintiff needs additional time to conduct discovery to (i) determine the person(s) responsible for installing the fan and related work; and (ii) to determine whether the Complaint should be amended to include additional parties and claims related to the fire and the payment of the insurance proceeds.

WHEREFORE, the Plaintiff respectfully asks that the scheduling order deadlines applicable to this case be each extended by ninety (90) days, and that it be given until December 29, 2006 to amend its pleadings to add additional defendants.

**AFFIDAVIT IN SUPPORT OF PLAINTIFF'S ASSENTED TO MOTION TO  
EXTEND SCHEDULING ORDER DEADLINES**

1. My name is Michael S. Field, I am an attorney for the Plaintiff in this matter, and I am duly admitted to the bar of the Commonwealth of Massachusetts and to this Court. I am in good standing.
2. After receiving the Court's order extending the fact discovery deadline to August 29, 2006, my office conducted the research necessary to issue a subpoena for documents and a deposition upon Candle Corporation of America (CCA) in Des Plaines, Illinois. In accordance with counsels' schedules, and the inconvenience of traveling to Chicago, an August 7<sup>th</sup> date for the deposition was determined.
3. During the week of July 17, my office retained the services of North Shore Process Service in Chicago, Illinois to serve the subpoena upon CCA (See Exhibit A) and made arrangements with HQ Conference Center in Oakbrook, Illinois to reserve office space for the taking of a deposition. My office also contacted Illinois counsel for the purpose of obtaining a court stenographer.
4. The process server informed us on July 21 that although two attempts were made, he was unable to obtain an authorized person to accept service of the subpoena at the CCA office in Des Plaines, Illinois.
5. On July 25, my office forwarded a new subpoena for service upon CCA's registered agent, CT Corporation (See Exhibit B), together with a letter to CCA asking a representative to call my office to confirm their availability for the deposition (See Exhibit C). My office asked the process server to expedite

service for which we paid an additional sum, and the subpoena was served upon CT Corporation on July 27.

6. I called the office of CCA's president on or about August 1 to determine whether CCA would appear on August 7 as requested in the subpoena, and was told by an administrative assistant that "all legal matters" were administered by CCA's parent Blyth, Inc., whose offices are located in Greenwich, Connecticut.
7. I then called the general counsel's office of Blyth and ascertained the name of such counsel to be Michael Novins; and left word for him to call me as soon as possible. Mr. Novins did call me later on August 1, and told me he would respond to the subpoena request as soon as possible, although he had as yet not seen it. I forwarded by fax and email a letter dated August 1 to Mr. Novins confirming my telephone call (See Exhibit D).
8. Mr. Novins forwarded me a letter acknowledging the subpoena, dated August 2 (See Exhibit E), and promising he would produce the documents requested "not later than August 11". At or about this time, counsel agreed that an Illinois deposition would not be necessary because it appeared that any individuals who could testify on behalf of CCA in response to Plaintiff's subpoena were located in the Greenwich area.
9. On or about August 7, I received a telephone call from Attorney James Ponsetto of Greenberg Traurig introducing himself as CCA's counsel; and stating that his client was attempting to obtain the subpoenaed documents which may be located at various facilities around the United States.
10. On August 9, Mr. Ponsetto sent a seven page correspondence setting out CCA's objections to the subpoena (See Exhibit F – first page of same).
11. On or about August 10, Mr. Ponsetto informed my office of his continuing attempt to locate documents and additional individuals who could offer testimony relating to the areas of inquiry set out in the subpoena. Around this time, counsel discussed the benefit of having the deposition take place in Boston if at all possible, to save expense and time.
12. In the late afternoon on August 14, my office received 94 documents from Mr. Ponsetto's office in response to the subpoena. My office immediately commenced reviewing said documents, and discovered several revelations including a "Lease Termination and Settlement Agreement" (See Exhibit G – first page of same) between the Plaintiff's insured and CCA, which purportedly released CCA for claims relating to the fire; together with documents indicating that negotiations to terminate the lease were ongoing just several days before the fire occurred. Although the documents demonstrate that CCA was planning the renovation and had budgeted for same (See Exhibit H), the documents do not disclose the names of contractors or persons retained to install the fan unit.

13. Since August 14, my office has had several telephone conferences with Mr. Ponsetto and counsel for the Defendant. Mr. Ponsetto has stated that CCA continues to search for additional documents, some of which may be in a warehouse in Osh Kosh, Wisconsin. We also discussed the availability of individuals from CCA who would best be in a position to testify as to the facts surrounding the remodeling and installation of the fan unit.
14. On August 17, in accordance with counsel's schedules, and the time required for CCA to determine whether additional documents are in existence and the availability of a knowledgeable CCA witness *and subject to the Court's allowance of this motion*, counsel have tentatively agreed to conduct the deposition of CCA during September 7, 8 or 9 or 18 to 22<sup>nd</sup>.
15. The additional time requested in the accompanying motion is necessary to determine the possible responsibility of third parties with respect to damages relating to the fire; and to determine whether the Plaintiff has claims relating to a violation of the insurance contract pursuant to which it seeks recovery in this matter.

Signed under the pains and penalties of perjury this 22<sup>nd</sup> day of August, 2006.

Dear Sir or Madam:

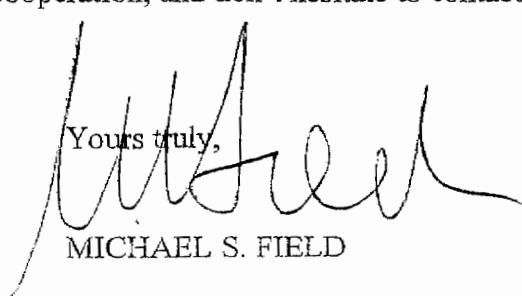

With this letter your company is being subpoenaed to produce certain documents and give oral testimony at a deposition regarding a civil lawsuit pending in Massachusetts.

Briefly, we are seeking documents and information concerning the tenancy or occupancy of Colonial Candle Company at 585 Route 28, West Yarmouth, Massachusetts during the period of January 1, 1995 to the present.

The lawsuit relates to damages sustained by the owner of the building caused by a fire which took place on or about December 15, 2003. The lawsuit alleges that the cause of the fire was a bathroom fan manufactured by the Defendant.

We have set the place of document production and deposition at a conference center in Oakbrook, Illinois. It may be more convenient to have the production and deposition at your offices where the documents may be filed. If for any reason the conference center in Oakbrook is inconvenient, please have a representative of your company or your counsel contact me or Dean Papadopoulos, Esq. of this office well in advance of August 7; so that we can make arrangements for another location convenient to you.

Thank you for your anticipated cooperation, and don't hesitate to contact us with any questions you may have.

Re: *Seneca Insurance Co. v. Broan-Nutone, LLC*  
U.S. District Court (MA) 1:05-cv-11401

Dear Mr. Novins:

Confirming our telephone conversation of a few moments ago, we served upon Candle Corporation of America a/k/a Colonial Candle Company through their resident agent CT Corporation System, a subpoena for (1) the production of documents and (2) the taking of deposition testimony of an individual with knowledge of the matters referred to in Schedule B of the subpoena, pursuant to Fed.R.Civ.P. Rule 30(b)(6). The date of service was July 27, 2006, and the subpoena calls for the production of documents and deposition testimony for 11:00 a.m. August 7 at the HQ Regency Towers Center in Oakbrook, IL.

Blyth Industries is apparently the parent of Candle Corporation of America (CCA), and we were informed by the office of CCA's President (Stephen Kosmalski) by telephone today that your office would respond to any subpoena request.

For obvious reasons, if CCA does not intend to appear in accordance with the subpoena on August 7 in Oakbrook, IL, counsel for the Plaintiff and Defendant do not wish to make travel arrangements and incur expense to appear in Illinois. If the documents we seek are located at your offices in Connecticut, and if you will produce an "officer, director or managing agent or other person who consent to testify on CCA's behalf", we will suspend the production of documents and taking of the deposition from August 7 in Oakbrook, to a place and time convenient for you; with the understanding that the document production and deposition must be completed not later than August 11. Unfortunately, we are under a discovery deadline order of August 29, and we must have the information subpoenaed as soon as possible.

Please send me a letter confirming that Blyth Industries is the parent of CCA, that you have received the subpoena, that the information requested pursuant thereto cannot be produced in Oakbrook, Illinois; but will be produced by your office on or before August 11; and that on behalf of CCA you have consented to a postponement of the production request and deposition until a date mutually agreed to but not later than August 11.

I shall appreciate receiving your letter in accordance with this request not later than tomorrow, Wednesday, August 2, so that I may release the conference room and stenographer and not secure travel arrangements. If I do not receive your consent, we must go forward with the production and deposition as designated in the subpoena.

If you wish to discuss this matter, please call me or my colleague Dean Papadopoulos, Esq. Thank you for your cooperation.

### Re: **Seneca Insurance Company v. Broan Nutone LL**

Dear Attorney Field:

Please be advised that I am in receipt of a subpoena dated July 25, 2006 which you served upon our client, Candle Company of America ("CCA"), on or about July 27, 2006 in connection with the above matter. Please accept this letter as written response and objection to your client's request to (a) inspect or copy the documents designated in **Schedule "A"** of the subpoena and (b) question CCA's designee(s) concerning the topics set forth in **Schedule "B"** of the subpoena.

Subject to our objections, we are willing to work with you to provide non-privileged, responsive documents which are in CCA's possession, custody and control and to designate one or more representatives to testify in the Greenwich, Connecticut area on a mutually agreeable date this month on those topics where the information is known or reasonably available to CCA. As we have pointed out, we have availability on August 17 and 18, 2006.

#### Schedule "A" (Documents Requested)

#### Document Request No. 1

CCA objects to the request to the extent that it is overbroad, vague, unduly burdensome and not reasonably calculated to lead to the discovery of admissible evidence. CCA further objects because the request seeks documents generated more than 10 years ago. Without waiving these objections, CCA will produce any non-privileged, responsive documents which are in its possession, custody or control relating specifically to CCA's lease arrangements at 585 Main Street, W. Yarmouth, MA (the "Leased Premises"), and generated during the referenced time period.
